### Y. M. C. A. Building Opened.

The Young Men's Christian Association building will be opened Saturday evening, Feb. 16, at 6:30 o'clock, and thereafter every Tuesday, Thursday, and Saturday evenings until further notice. The building will be opened for the use of all men over 16 years of age, with only such charges as are stipulated below. This work is intended in no wise to represent the larger work which was planned for this year, but which for various good reasons cannot be undertaken until another year; or in any way to jeopardize the larger work of another year, but merely to prepare for that work by meeting some of the present needs of the men of the village. Three things will be made available to the men of St. Johnsbury: (1) A social room, (2) a gymnasium floor, (3) hot baths. Each of these three departments will be under the supervision of some responsible person.

The social room is designed especially to afford a place where men may meet each other and talk over subjects of mutual interest in a warm, well lighted and cheerful room. Conversation is encouraged. Reading matter and games will be furnished for those who care for them. The gymnasium floor will be opened to any man by securing a locker for \$25 for the season and by conforming to the general rules of the gymnasium floor. Such rules are posted in the gymnasium. Basket ball, drills, and apparatus work will be available.

The baths will be opened to any man who has a locker or to any man not holding a locker upon the payment of five cents. This sum will secure with the bath a clean towel and soap. Any holder of a locker can also secure a towel and soap upon the payment of five cents.

Remember the nights, Tuesday, Thursday and Saturday. Saturday, Feb. 16, is the first night that you can get your locker.

### Notice of Underwear Sale.

Notice is hereby given of an extraordinary underwear sale February 14-21: We had our clearance sale of underwear early in the season, and now have our new spring line of the "Crown" underwear, that we bought before the sharp advance in price, ready for spring business.

But several times each day we are asked if we have any special bargains in muslin underwear, which convinces us that a special sale of underwear at this time would be appreciated by our customers. And in view of this fact, and our determination to give our patrons the best service and appreciative attention of any store in our city, we shall put on sale this all new lot, first quality underwear for one week only, February 14 to 21. And by "first quality" goods we mean fine soft muslin, free from starch and filling, made up in dainty styles, and dainty patterns, and made like the finest home made goods. This sale is entirely free from cheap trashy goods bought on purpose for a sale.

We guarantee them first class in every particular, and prices the lowest we have ever been able to quote.

Come and see the goods whether you wish to buy or not. All our time is at your service.

See our regular space on page eight for prices, but better, see the goods.

## Business Utility of Fountain Pens.

\*\*\*\*\*

**T**HINK of the minutes of the day, the hours of the week, the days of the year, that you spend in reaching for the ink well.

Think of the word or the sum of figures, of which you have two bites half written when the ink on the pen runs out.

Think, further, of the interruption to thought when you have to stop, dip and start over again; of the steel pens consumed and the ink evaporated in the open ink well.

Then consider that a Fountain Pen will save the hours murdered in dipping will save the expense in pens; the wastage in ink.
